

Exhibit D-1 "I Need Help With Evie"

T: I need help dealing with Evie Sometimes

S: I would love to help

T: Ok can you talk to her now.

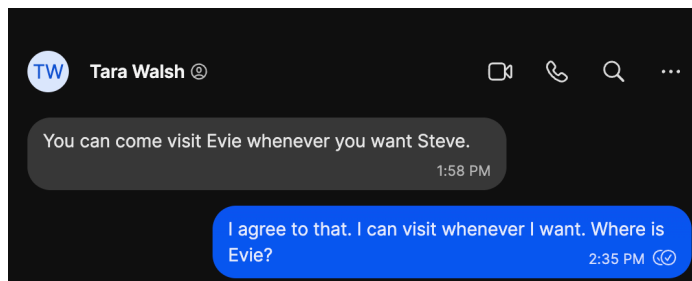

S: I can't do it now.

T: She hid the remote from me and has soccer ballet and swimming tomorrow

S: I am glad you are keeping her busy

T: In hindsight I wish I hadn't left the way I did. I was not in my right mind and severely depressed. I am sorry I've caused so much pain. But that doesn't mean I never loved you. I loved you more than I've ever loved another man. I desperately wanted to stay together. I just want you to get what you always wanted - a beautiful little girl who is your daughter. Way better than a dog. Just do me a solid and show up for her. She needs you - she is more like you than me.

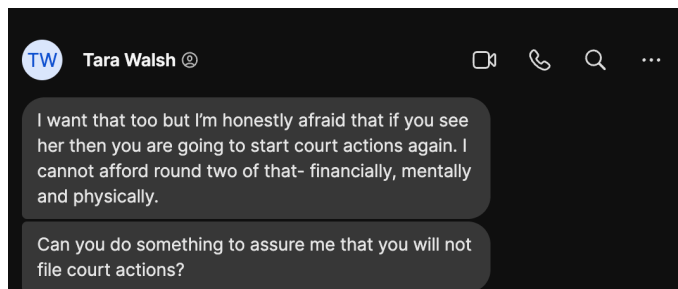

Exhibit D-2 "You Can Visit Whenever You Want"

T: You can come visit Evie whenever you want Steve.

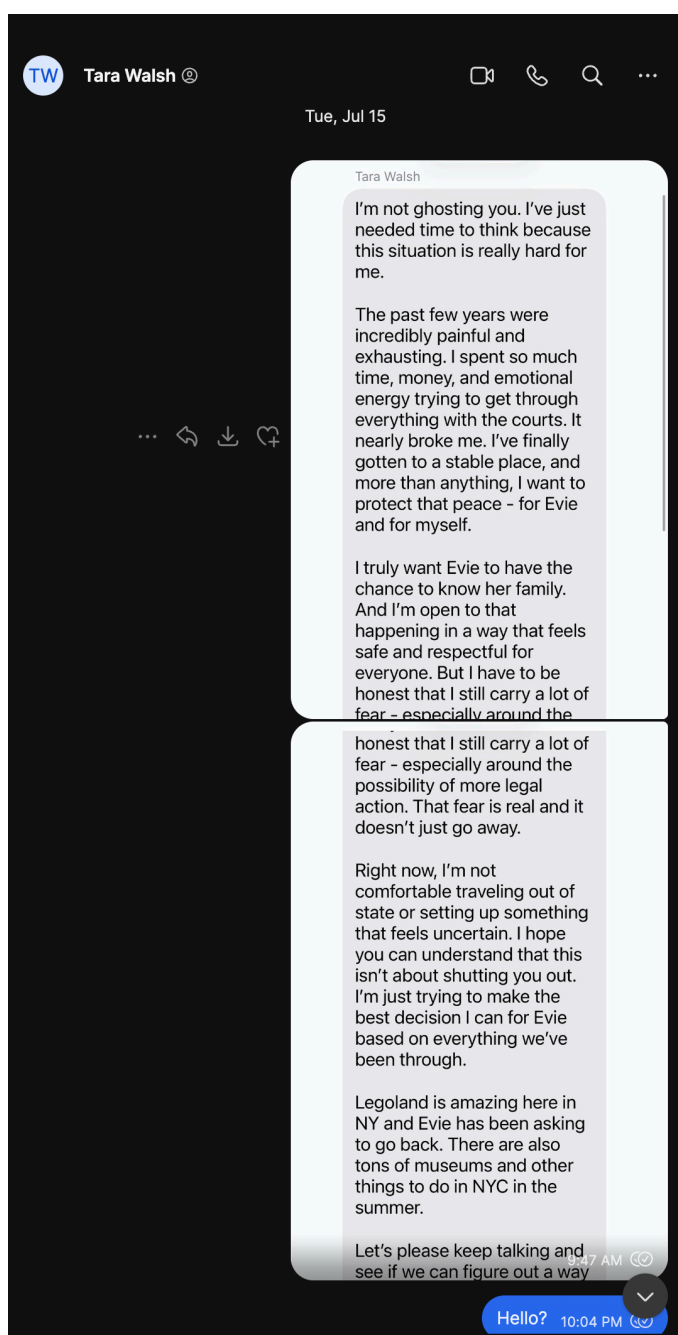

S: I agree to that. I can visit whenever I want. Where is Evie?

Exhibit D-3 "Court Stuff / Fear of Legal Action"

T: I want that too but I'm honestly afraid that if you see her again you are going to start court actions again. I cannot afford round two of that - financially, mentally, physically.

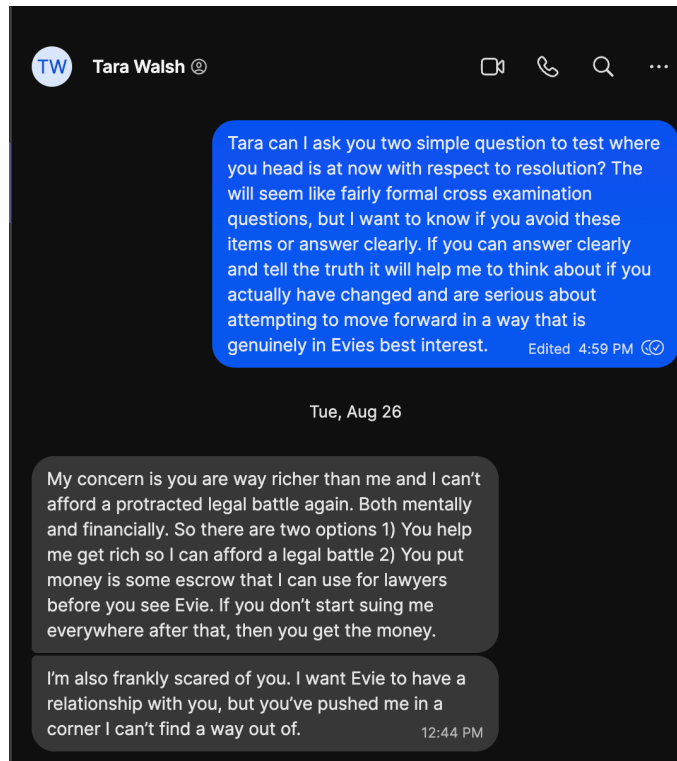

Can you do something to assure me that you will not file court actions?

T: The past few years have been incredibly painful and exhausting. I spent so much time, money, and emotional energy trying to get through everything with the courts. It nearly broke me. I've finally gotten to a stable place, and more than anything I want to protect my peace — for Evie and myself.

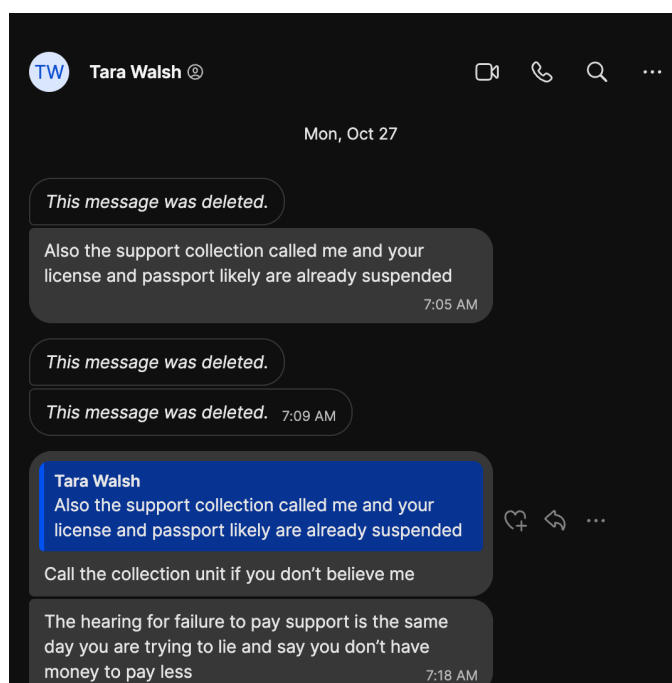

I truly want Evie to have the chance to know her family and I'm open to that happening in a way that feels safe and respectful for everyone. But, I have to be honest I still carry a lot of fear — especially around the possibility of more legal action.

Exhibit D-4 “You Have Pushed Me Into a Corner” - August 26

T: I want you to have a relationship with Evie but you've pushed me into a corner I can't find a way out of.

Exhibit D-5 “DL and Passport are Already Suspended. Hearing Same Day Petition”

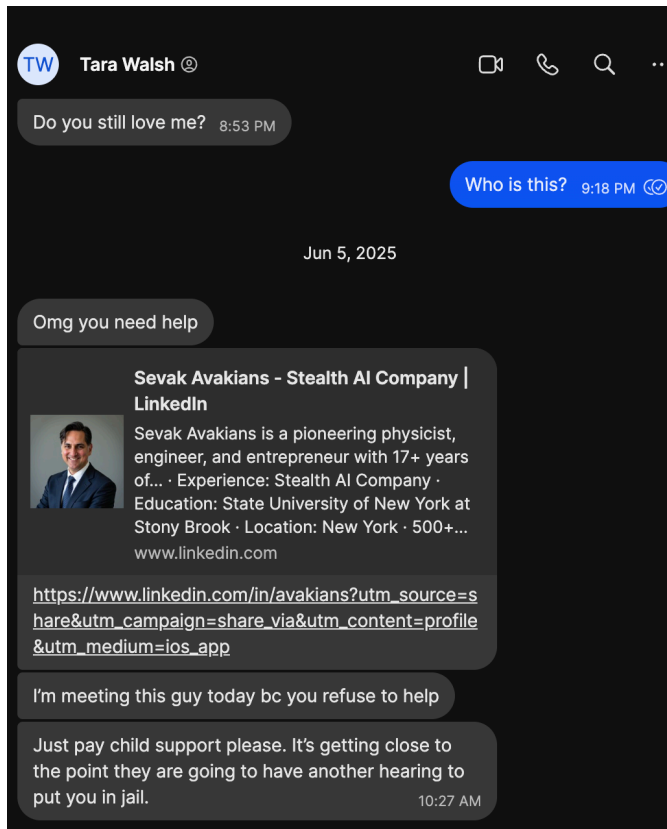

T: Also the support collection called me and your license and passport likely are already suspended.

[Deleted]

T: Call the collection unit if you don't believe me.

T: The hearing for failure to pay support is the same day you are trying to say you don't have money to pay less

Exhibit D-6 “They Are Going to Have Another Hearing to Put You In Jail”

T: Do you still love me?

S: Who is this?

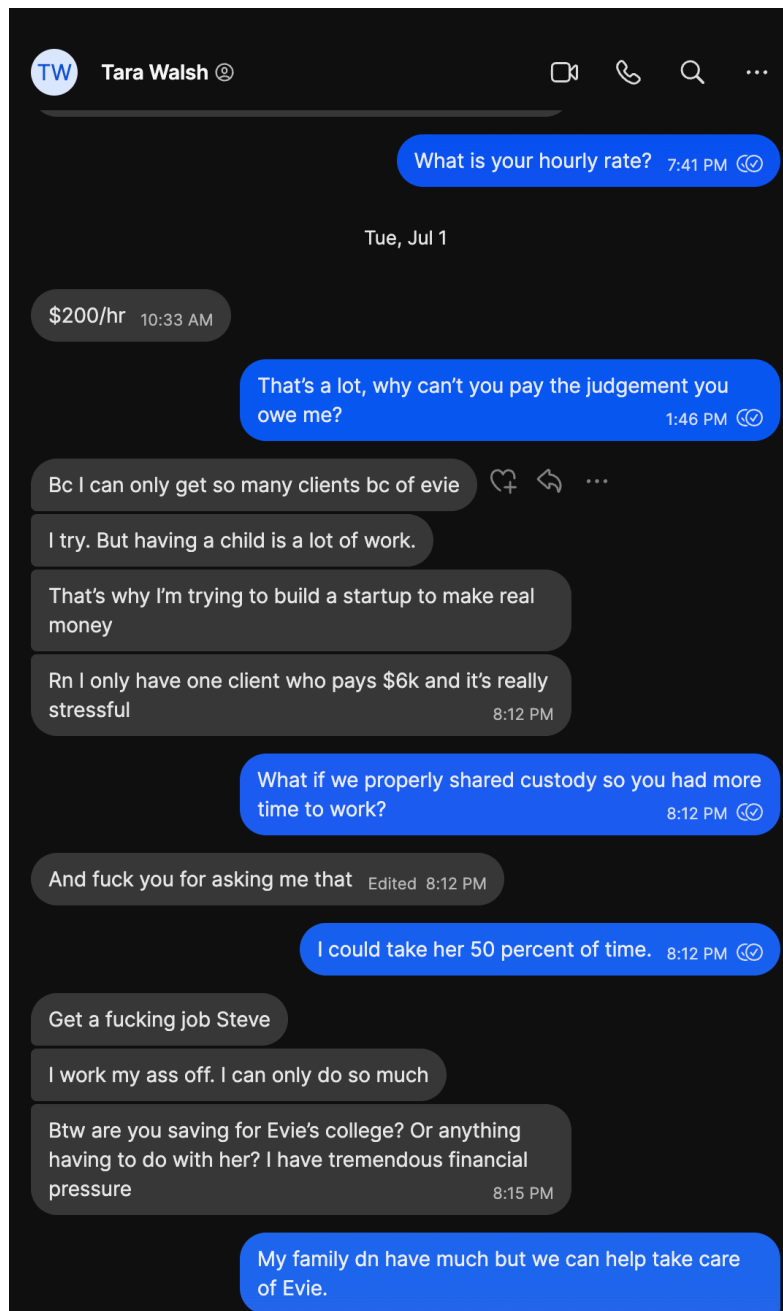

T: Omg you need help

[LinkedIn Post]

T: I'm meeting with this guy today bc you refuse to help

T: Just pay child support please. It's getting close to the point where they are going to have another hearing to put you in jail.

Exhibit D-8 “\$200 per hour”

S: What is your hourly rate?

T: \$200/hr

S: That's a lot, why can't you pay the judgement you owe me?

T: Bc I can only get so many clients bc of evie

T: I try. But having a child is a lot of work. That's why I am hoping to build a startup and make real money Rn I only have one client that pays \$6k and its really stressful

S: What if we properly shared custody so you had more time to work?

T: And fuck you for asking me that

S: I could take her 50% of the time.

T: Get a fucking job Steve I work my ass off. I can only do so much

T: Btw are you saving for Evie's college? Or anything having to do with her? I have tremendous financial pressure

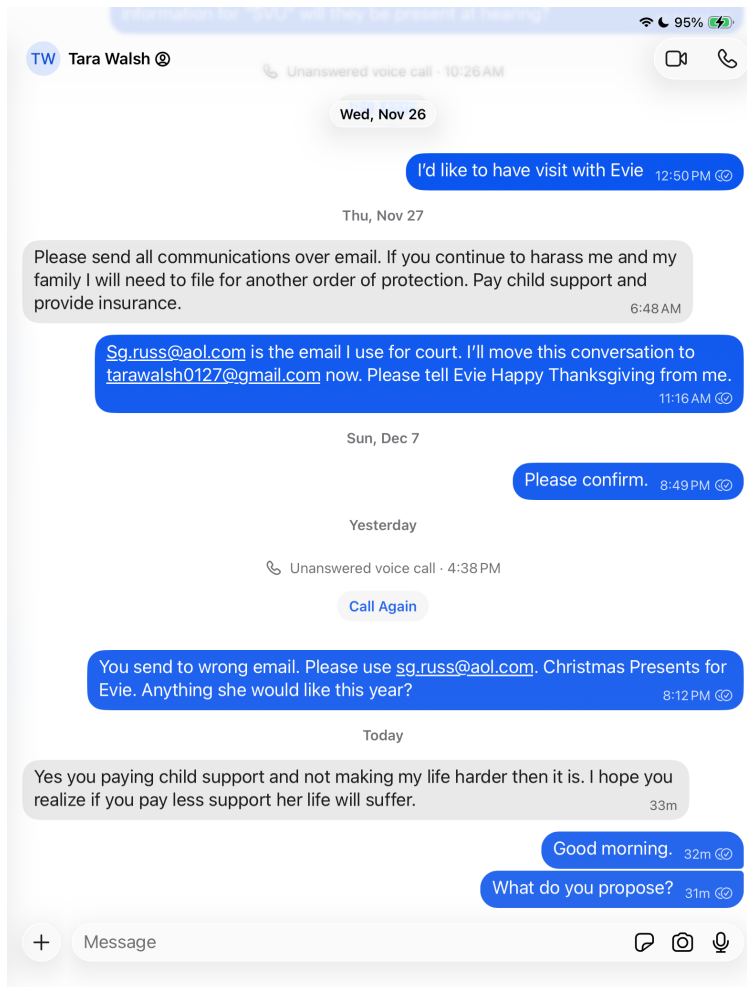

S: My family dn have much but we can help take care of Evie.

Exhibit D-8 “Imagine What that Does to Her”

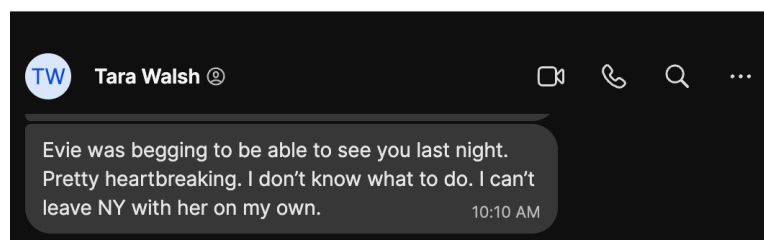

T: I had to tell her last night you were trying to take our home. Imagine what that does to her.

Exhibit D-9 “Evie will Suffer”

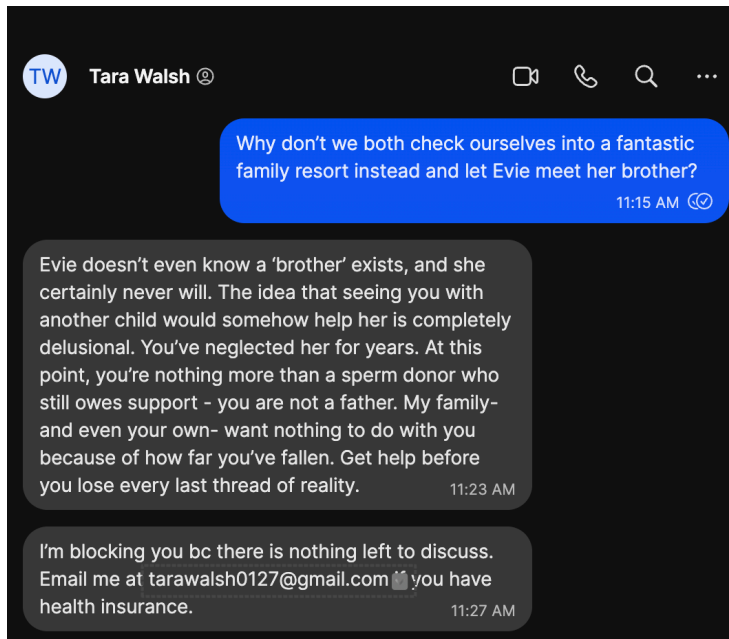

T: Yes you paying child support and not making my life harder than it is. I hope you realize if you pay less support her life will suffer.

Exhibit D-10 “Evie was Begging to be able to See You”

T: Evie was begging to be able to see you last night. Pretty heartbreaking. I don't know what to do. I can't leave NY with her on my own.

Exhibit D-11 “Evie Doesn’t know a ‘Brother’ exists and She Never Will” - Oct 24, 2025

T: Evie doesn't even know a 'brother' exists, and she certainly never will. The idea that seeing you with another child would somehow help her is completely delusional. You've neglected her for years. At this point, you're nothing more than a sperm donor [...]
